

EDUCATIONAL ACTIVITY OF THE ACADEMY

□□ Russian Customs Academy is the Head Center of Russian Federal Customs Service for training, methodological, scientific, information and analytical activities. It is the first and the only higher educational institution in the history of the Country specialized in the customs officers' training, retraining and qualification improvement at the different levels.

There are many reasons for the success of RCA. The bases of education are: 1. Quality of the curriculum, 2. Quality of the teaching staff, 3. Quality of the facilities, 4. Quality of the student body, 5. Quality of the support services, 6. Quality of the research, 7. Quality of the industry links, 8. Quality of the alumni network, 9. Quality of the reputation, 10. Quality of the financial resources.
