Moscow International WCO Model

**24 March 2020 r.**

Moscow International WCO Model of Russian Customs Academy (MIM WCO) is an innovative platform for self-realization and professional development of young people who improve their potential in behalf of customs business and international customs cooperation.

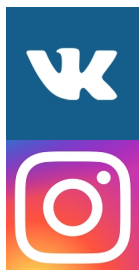

The purpose of MIM WCO is assistance to emergence of innovative solutions for improving the efficiency of state customs administrations and integrative associations in the global economy using the WCO bodies' experience. The main objective of MIM WCO is creation and development of young specialists' professional competencies who are ready to master and apply the best modern world practices of customs administrations in their professional activity.

MIM WCO

is not just a business role game, it is a real opportunity for each participant:

- to be involved in creation of draft decisions on modernization and development of the WCO member states' customs authorities;
- to develop the ability to make informed and responsible decisions based on the balance of interests of all participating parties.
