REGISTRATION OF PARTICIPANTS

II stage □

- *testing knowledge of subjects.*

It is held in the form of testing within 3 days after the application of the participant acceptance.

The deadline for application and testing is April 1, 2020.

III Stage - the implementation of individual tasks. □ After receiving the confirmation of the application, the participants of the WCO Mode, it is necessary to prepare abstracts for solving the problems identified in the reports of the Experts of the relevant Committees as an individual task.

After receiving the confirmation of the application, the participants of the WCO Mode, it is necessary to prepare abstracts for solving the problems identified in the reports of the Experts of the relevant Working Groups as an individual task.

Points to pay attention to when writing abstracts:

It is imperative to familiarize yourself with the report of the Expert on the topic of the meeting of the Working Group to which the application is submitted. It contains information that will help in writing theses.

Abstracts are the written work in which the delegate describes in general terms his own vision of the problems discussed in the Working Groups and proposals for solving them.

It is important for delegates to state their ideas on how to solve the problems identified in the reports of the Experts of the relevant Working Groups. You need to express your own opinion, but try to avoid listing the facts.

The volume of abstracts should not exceed 300 words.

The deadline for submitting abstracts is April 10, 2020.

The completed individual task must be sent to the email address:
delegate.mimwco@customs-academy.ru

The subject of the letter should indicate the full name of your university, city, country, title of the Working Group, for example: "Russian customs Academy, Lyubertsy, Russia, working group on the application of the Harmonized system of description and coding goods".
